

WHO IS MICHELLE NAUMOVSKI?

When you are ready to make your move across town or anywhere in the world, I will provide you with comprehensive services to ease the transition into your new community.

I have been a high powered real estate professional for many years. I am one of my company's most successful agents.

Although recognition in the industry is important, the most satisfying aspect of my career is when I've helped a family with what might be their largest single lifetime investment--selling or buying a home.

I specialize in residential property sales throughout the Macomb Area and know each as if I have lived in each one. I'm looking forward to filling you in on the little details that make each neighborhood unique.

To better serve you, it is imperative to be educated in the real estate market. I am committed to ongoing education, and have completed real estate courses in finance, law, ethics and more. My education has prepared me to handle all types of residential property transactions. No home is too big or too small to get my fullest attention. I strive to go above and beyond my clients' expectations in service and I insist on being straight forward with everyone I meet.

Some of the services I provide to sellers are

- Courteous and Professional Attitude
